FLOOD CITY ORDERED EVACUATED

One Dead, 50 Hurt In Detroit Paint Blast

The worst Mississippi flood in a hundred years. Towns up and down the river are being flooded, all crops are being washed away, and millions of dollars lost. The government will not do anything to help the victims. What will the government do while waiting for Congress to act? Will it attack and solve the problem? Will it let the river at the source? Or will it let it run its course? "Worst in 100 years" is the story.

MANY INJURED MAY DIE
Twenty Firemen Narrowly Escape Death When Wall of Building Falls

MEXICO establishes telegraph censorship. The news is bad—a religious war of all wars. A Mexican train is held up, dozens of passengers are killed as they climb through the car windows of a train that had been set on fire. Government troops escorting the train are killed. The Mexican government in a statement accusing Catholic Church agents of attacking the train, mentions by name priests accused in sharing in the attack and directing it.

With the death toll slowly mounting, extraordinary measures were being taken today to save thousands of persons marooned by the swelling, turbid waters of the Mississippi River.

STANDS BY Juror Under Fire

Escaped Conflict Foretells Freedom To All

Columbus, April 23.—Joe Newberry, 39, Highland, Ky., an escaped convict from the Kentucky reformatory at Frankfort, is under arrest here today, because he refused to desert an injured pal, Elmer Jones, 21, Frankfort, Ky., the jail is also held.

CLEANUP WEEK IN MARION WILL BE OBSERVED EARLY IN MAY, CONTROL BOARD PLANS

Expect Campaign This Year To Be Similar to Procedure of Former Drives; Municipal Garbage Department Prepared To Handle Calls

Marion's annual Cleanup Week will take place early in May, according to arrangements being considered today by the city board of control, consisting of Mayor Earl M. Hazen, Service Director O. A. Benedict and Safety Director W. B. Strayer.

Although definite plans have not been completed, it is expected that the cleanup program will be similar to that of former years, when citizens generally were asked to co-operate with officials in ridding the community of the winter's accumulation of dirt and rubbish.

CAR SERVICE TO CRYSTAL LAKE TO BE RESUMED

C., D. & M. Planning To Start Runs April 28; Half-Hour Trips

Streetcar service to Crystal Lake Park will again be offered by the Columbus, Delaware & Marion Electric Co. this summer, it was announced today. Service will start on the opening night.

Thursday, April 28, and will continue after Sunday, May 1.

The first city car to the park will leave the interurban station at 7:45 and will make trips every half hour thereafter until about midnight. The C., D. & M. interurban car leaves the station for Bucyrus at 7:15 and will carry passengers to Crystal Lake also.

On Sundays, the first car will leave probably at 1:15 p. m. and trips will continue every half hour thereafter until closing time at the park. In addition, the C., D. & M. cars will leave at their regular time and will carry passengers to the lake.

New Time Table

The new Big Four time table will take effect here Sunday. Only two passenger trains operating through Marion over that line, however, will be affected. Train No. 21, operating daily between

Cleveland and St. Louis will leave the Union Station westbound at 8:33 p. m. under the new schedule. The train formerly left at 8:14 p. m.

Train No. 10, daily except Sunday, eastbound, will leave this city at 5:40 p. m. beginning Sunday. It formerly left at 6:05 p. m.

When the new time table goes into effect Sunday, passenger trains on the Erie Railroad in territory between Marion and Cincinnati and Marion and Lima, will leave their office in the local freight house next week, it was announced today.

Mr. Coffman has been working out of Marion for some time although his offices were in Ashland.

Visits in Marion

W. J. Rolfe, engineer of maintenance of way on the Hocking Valley Railroad, was in Marion yesterday.

To Locate Here

C. H. Coffman, claim inspector of the Erie Railroad in territory between Marion and Cincinnati and Marion and Lima, will locate his office in the local freight house next week, it was announced today.

Mr. Coffman has been working out of Marion for some time although his offices were in Ashland.

Columbus Man Here

I. C. Christian, assistant road foreman of engines of the Hocking Valley, was in the city yesterday. Mr. Christian is from Columbus.

Conducts Survey Here

W. O. Watkins, bill clerk of the American Railway Association, was in Marion yesterday checking up matters pertaining to that organization in the local yards.

GRAB BAG

THIS photo of Mrs. Mabel Walker Willibrand was snapped in 1921, when she received the appointment as assistant attorney general of the U. S. What special cases does she handle for the department?

MRS. M. W. WILLIBRAND

Name a word meaning to amuse or to entertain.

In the province of Ontario, Canada, there are two capital cities, one the seat of the provincial government and the other the capital of the dominion. Can you name them?

The Rocky Mountains extend north and south on the western side of the North American continent. Can you name the range of mountains extending down the eastern side?

"Glorious to God in the highest, and on earth peace, good will toward men." Where does this passage occur in the Bible?

Persons born under this sign should very early in life conquer indecision of character. They should map out the course they mean to pursue and march honorably forward.

Shabby Sayings
Government promises a limit to radio. Our next door neighbor's set reached it long ago.

COMPLETE EVIDENCE

Argument in Floyd Hewitt Murder Case Will Be Heard Monday

Jefferson, April 23—With the completion of evidence in Floyd Hewitt murder case late Friday, the trial was in recess today until 9 a. m. Monday, when arguments will begin. Each side has been allotted four hours for argument.

Concluding evidence offered by the state in rebuttal was aimed at the alibi which relatives and other defense witnesses sought to establish for the 16-year-old boy, who is charged with the murder of Mrs. Fred Brown and her five-year-old son at Conneaut, the night of Feb. 14.

The youthful defendant today told county jail officials he felt sure he would be saved from the electric chair. He appeared calm and unworried as the time nears for the jury to begin deliberation of his fate.

FIVE PER CENT BONDS OF CITY ARE IN DEMAND

Developments Indicate Brisk Sale of 1927 Issues; Market Changing

City of Marion bonds issued on a five per cent interest basis are going to find a ready market among investment houses, according to developments in connection with the first 1927 bond issue, which is advertised for sale at the office of City Auditor J. L. Landes on May 2.

During recent years, practically all bonds issued by the city have provided an interest rate of five and a half per cent. It was necessary to pay this rate in order to attract bidders, due to the fact that investors could obtain an attractive return from commercial securities. This was especially true for several years when the speculative fever was at its peak throughout the entire country and persons with money to invest preferred to take a chance with ventures which promised to yield large profits even though there was an unmistakable element of risk involved.

Change Noticed
The investing public has gradually been drawn away from speculation, according to reports of financial authorities, and it is now possible to sell sound securities at a reasonably low interest rate.

As a result of this change in the situation, local city officials decided to lower the interest rate on Marion bonds, feeling certain that buyers will be found without difficulty. It now appears certain that the officials made no mistake. City Auditor Landes stated today that inquiries regarding the five per cent bonds which will be offered for sale on May 2 are coming in from investment concerns in all parts of the country, including Wellston. All of the letters are from prospective buyers, and as almost a dozen are already in the auditor's hands it is apparent that there will not be a scarcity of bidders on the day of the sale.

In Two Issues
The bonds are in two issues, one for \$37,486.81 and the other for \$1,220.00. They were recently authorized by council to pay the city's portion of re-estimating Columbus-st and Blue-avenue and a number of other street improvements. This will be one of the largest city bond issues sold during 1927, council's plan being to borrow as little money as possible this year in order to effect a substantial decrease in the municipal debt. It is expected that an issue of approximately \$13,000 will be authorized in the near future for purchase of a new motor truck for the West Side fire department.

Sale of the fire truck bonds is regarded as an absolute necessity, due to the fact that the present truck is unfit for service. It has broken down several times in the last few years and has reached the point where it is not only seriously cripples the city's fire protection service but endangers lives of firemen who operate it.

Economy Agreement
Council members have agreed to authorize bonds for the fire truck and say they are willing to incur additional debt for anything else which is known to be an imperative need. They assert, however, that the city's debt must be reduced and that during 1927 and probably several years to come they will approve no bond issues that do not come within the limitations of a strict economy program.

"6 years' use without any engine repairs"

—A statement from an enthusiastic Willys-Knight owner.

The sweeping trend toward Willys-Knight—and tremendously increasing sales—are explained by distinguished performance. No other car is so richly equipped with advantages:

The Knight Engine—The only type of engine that improves with use.

7-Bearing Crankshaft—Eliminates vibration.

Skinner Rectifier—Prevents oil dilution.

4-Wheel Brakes—Positive, mechanical, quick-acting.

Belflex Shackles—Patented spring shackles that make the chassis lastingly quiet. No greasing or adjustment.

8 Timken Bearings in Front Axle—Most fine cars have but four. Easiest steering you have ever known.

Narrow Body Pillars at Windshield—Insuring greater vision; an added safety factor.

Adjustable Front Seat—Designed to give maximum driving comfort, regardless of your size or stature.

Light Control at Steering Wheel—Within easy finger reach. Convenient as a wrist watch.

Watson Stabilizers. Air cleaner. Thermostatic temperature control. Finest upholstery and fittings.

"70" Willys-Knight Six, \$1295 to \$1495. Willys-Knight Great Six, \$1850 to \$2295. Prices f.o.b. factory and specifications subject to change without notice.

15 extra hours on the NASH motor to be certain it is right

The illustration shows two Nash Advanced Six engines hooked together in the great Nash testing room.

One of these motors is driving the other, to limber it up. After a few hours of this, the motor now being driven will limber up another.

Then, after 8 to 10 hours on its own power, it will be taken apart. Bearings, connecting rods and pistons carefully inspected. Valves ground and reset.

Next, the trained ear of an engine expert will listen to the operation of this motor. When he is sure it is absolutely

right, it will be mounted on its chassis. Then another rigid examination, in the car, out on the road. 15 extra hours in all are consumed before the motors shown above are ready for their owners.

How easily Nash could save this time and expense. You would never be able to see the difference.

But every Nash owner knows there is a difference!

There are extra hours of extra care in every Nash, to lift it above the level of the average car—to be certain Nash performance leads the world!

EXTRA HOURS OF EXTRA CARE IN EVERY NASH

Drive a CHRYSLER "70"

That's the way to find out how much better it is

WE'll gladly arrange to give you a real ride in a Chrysler "70"—you to drive the car in the way you are accustomed to drive.

Such a demonstration, we are confident, will convince you of its genuine superiority.

That's the sure way to learn the results of the constant progressiveness which maintains today's finer Chrysler "70" as far ahead of its field as on the day of its introduction.

We can recite to you the advantages of its speed of 70 miles plus, its astonishing

pickup of 5 to 25 miles in 7 1/4 seconds.

We can tell you what its scientifically balanced 7-bearing crankshaft and impulse neutralizer contribute toward greater smoothness; how much more easily you ride because of its low chassis design, its unique spring suspension and its Watson Stabilizers; what greater handling ease results from its pivotal steering; and how much safer you feel because of its four-wheel hydraulic brakes.

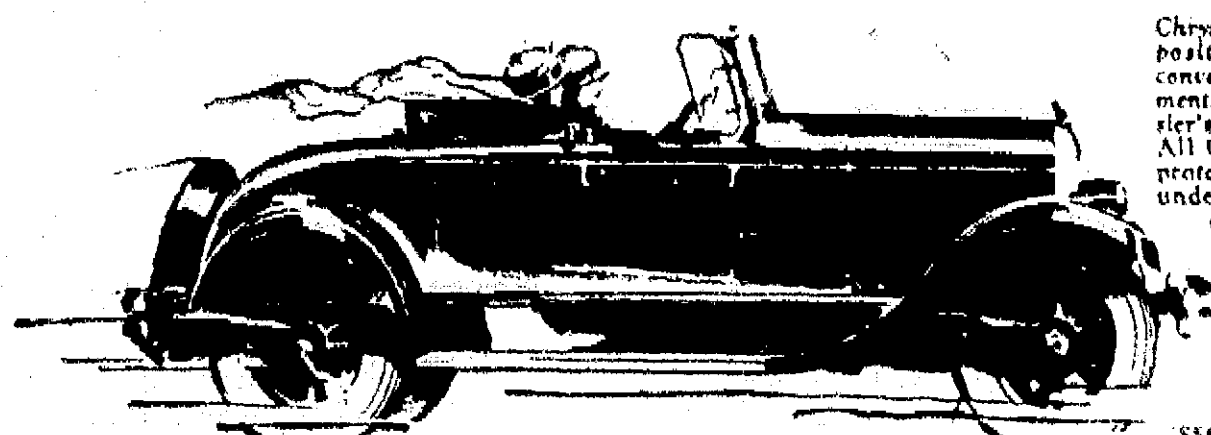

But the real way for you ac-

tually to discover these things for yourself is to learn them in an extended drive—with you at the wheel.

Come in today. Let us place a new, finer Chrysler "70" at your disposal in this manner, for you to drive in your own way.

Sport Phaeton, \$1495; Two-passenger Roadster (with rumble seat), \$1495; Brougham, \$1525; Two-passenger Coupe (with rumble seat), \$1545; Royal Sedan, \$1595; Two-passenger Convertible Cabriolet (with rumble seat), \$1745; Crown Sedan, \$1795, f.o.b. Detroit, subject to current Federal excise tax.

Chrysler dealers are in position to extend the convenience of time payments. Ask about Chrysler's attractive plan. All Chrysler cars are protected against theft under the Police System of numbering.

CHRYSLER MODEL NUMBERS MEAN MILES PER HOUR

Buick Power is proved on the 24-Hour Hill

Buick knows that the famous Buick Valve-in-Head Engine produces more power for its size than any other automobile engine on earth.

Buick has proved this fact decisively at the great Proving Ground of General Motors, on the "24-Hour Hill"—a mechanical device which faithfully duplicates the pull of any hill for any number of miles.

Test, not guess, is the basis for Buick design. Buick success is founded on this constant search for the new and better thing—on this accurate, beforehand knowledge of results.

with them today. The trial plans were
made for the struggle to save them from
the chair—a struggle which will reveal
the better court scenes of the Thompson
and the Hoffa-Mills murder trial.

Shifting of Blame

But the present case will present a
new and unique angle. For, while the
defendants were accused and indicted
jointly and will be tried together, the
two groups of lawyers defending them
plan separate lines of defense.

There will be a shifting of blame, it
is believed, despite Gray's statement
Thursday that he did not want to
accuse Mrs. Snyder of responsibility.

Dana Wallace and Edgar F. Haz-
leton, for Mrs. Snyder, and Samuel J.
Miller and William J. Mulford, for
Gray, declared after court was adjourned
that they were "delighted with the
jury," adding that they felt sure that
a fair and honest verdict would be re-
turned. Prosecuting Attorney Nease
expressed similar sentiments.

CHILD'S CUSTODY STILL IS TO BE DETERMINED

New York, April 22.—Little Roberta
June Pratt, 6, whose foster mother,
Mrs. Everett S. Pratt, of Des Moines,
Iowa, was acquitted of burning and
otherwise, mistreating the child, will
again be in the legal limelight on Mon-
day.

Roberta still is in the custody of
the Children's Society. Monday morn-
ing she will appear in children's court
at 10 o'clock when final disposition
will be made of her future custody and
guardianship.

In all probability she will be held
here until an officer from the juvenile
court of Des Moines, Ia., arrives to
return her to her half-brother, who is
living in that city, and who is her
legal guardian.

OFFER EXPLANATION

"Conference" With Mrs. Hoffman
Based on Real Estate Deal, Claim

Detroit, April 22.—Although attor-
neys for Aaron Sapiro produced a sim-
ple explanation of the alleged bribery
plot in the million dollar Ford-Sapiro
bribe suit, department of justice agents
today continued their investigation into

the charges hurled at Mrs. Core Hol-
man, woman juror in the first trial, by
counsel for Henry Ford.

This explanation offered by William
H. Gallagher, Sapiro counsel, was based
upon a statement by Robert Schom-
berger, Detroit realtor, who said the
bribery plot was merely a real estate
deal. Schomberger declared that "Ray"
Miller, charged with making an im-
proper offer to Mrs. Hoffman, had
merely conferred with her over a deal
involving the sale of an apartment
house. Schomberger said he said the
bribery to the Hoffmans and that Mil-
ler had acted as his agent.

The conference between Mrs. Hol-

man and Miller, Schomberger said, re-
lated to an effort to place a mortgage
on another property owned by the Hol-
mans so they could use the money to
pay a note due the realtor. He said
there was no mystery about these con-
ferences, which were cited as one of
the reasons for a mistrial in the case.

THE FRANK BROS. CO.

Marion Y. M. C. A. and Four Local Churches Provide Suitable Headquarters for Eight Troops of Boy Scouts of America

Four More Groups To Be Organized Here in Near Future

BY W. C. BROWN
Scout Executive

A scout! He enjoys a hike through the wood more than he does a walk over the city streets. He can tell the north or south or east or west by "signs." He can tie a knot that will hold. He can swim a river, pitch a tent or mend a tear in his trousers. He can walk through the wood with a silent tread observing the many things hidden from others. He is keen of eye and sees what is hidden from others. A scout like the old frontiersman, does not about his wisdom from the house-top. He speaks softly and answers questions modestly.

A scout holds his honor to be his most precious possession and it is his only task master.

He can kindle a fire in the forest on the wettest day and if there are no matches he can make a fire with materials he knows the secret of and with rubbing sticks has a cheery blaze. He knows how to keep his fire from spreading and never leaves the camp spot until the last coal is buried.

Practices Self Control

A scout practices self control for he

knows that the men who master the problems of the world first master themselves. He guards his tongue for

he knows that loud speech is the cloak of ignorance and swearing a sign of weakness.

He does not flinch in the face of danger and knows what to do in fire or panic and in emergencies shows a resourcefulness and courage that brings rescue and safety to others first. He is kind to everything that lives and dumb animals trust him as their known friend.

A scout knows that people expect more from him than of other boys and carries himself above reproach. He wears his uniform worthily. He has chosen for his motto "Be Prepared" and he seeks to prepare himself for anything—to rescue a companion, to rather firewood to help the stranger, to distinguish right from wrong to serve his country, his fellowman and his God. He is admitted to the great brotherhood of fellow scouts with his oath fresh upon his lips.

"In my honor I will do my best to do my duty to God and my country; to help other people at all times; to keep myself physically strong, mentally awake, and morally straight."

Scout Requisites

He promises to make these laws the guide of his conduct—to be trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent.

A boy can come in at the age of 12 and from the time he ties his first knot as a tenderfoot until he has earned his merit badges in life saving as a first class scout, he is growing in skill, wisdom, usefulness and worthiness to himself, his church and his city.

There are eight troops of scouts in Marion, four of them meeting in the Y. M. C. A. and four of them with their homes in churches. Each of the churches of Marion may have its own troop of scouts and four new troops are being so organized. The home and the leadership of each troop is the church and the scoutmaster its trained leader.

Scout Officials

The administration of the scouting movement for Marion is under the direction of a scout council which is headed by Frank D. Glosser, and its work accomplished through these committees: troop organization, J. J. Stafford; training and education, Jesse H. Mason; court of honor, John H. Clark; civic relations, Wilfred Schaefer; publicity, Her. R. W. Smiley; camping, Charles Isaly; finance, Edson L. Bush. A member of the troop committee of each church having a troop is its representative upon the Marion council. The scout commissioner of Marion is Frank S. Wiedemann. The scout executive is Walter C. Brown.

"Captain Applejack," — Grand theater, April 25, 26.—Adv.

Upper left—Demonstration of scoutcraft. A scout makes fire without matches, cooks in the open, rescues the injured, resuscitates the drowning in a friend to an animal in distress and teaches other boys the game.

Upper right—Exhibit of scout interests and skill. A scout takes care of himself. He can build an observation tower or a radio, a bridge, campfire or a shelter. He can make a bow that will shoot 200 yards and he is able to hit the bullseye.

Lower center—Scouts at salute. A Scout is always ready to serve. At the call of his city, the police, firemen, American Legion, war veterans and the Red Cross he is prepared to carry out the tasks assigned to him. When help is needed he is among the first to respond.

TAKE NEW RESIDENCE

Mr. and Mrs. E. L. Usher, 150 S. Greenwood-st., will take possession of the Frank Manning home, 413 Summit-st. south of Mt. Vernon-av. May 27. Mr. Usher is employed at the Marion Steam Shovel Co.

ADDITION PLANNED

Dr. W. L. Johnson has obtained a permit for building of three additional rooms at his home, 516 Mt. Vernon-av.

SAVS HE SAW BOY

Cleveland April 23—An uncle of Steve Patrick, 17, who was reported missing at Chardon, Ohio, yesterday, has reported to local police that he saw Steve on the street here. Poses have been searching for the youth in the vicinity of Chardon since Thursday night when he suddenly vanished from his home there after seeing a shotgun and leaving the house to hunt alleged chicken thieves.

"I AM ALSO THANKFUL"

Illuminated Bill Smith, as he reflectively eyed a small bit of roast suspended on the end of a wooden toothpick, "that I have learned I must not mix my friends up in my financial affairs. There is but one surer method of losing a friend than to loan him money, and that is to borrow from him."

"Just about every time you establish a relationship of borrower or borrower with one of your friends, you might about as well bid your friendship farewell, for sooner or later something is going to come up to knock it higher than a kite."

Marion Chaffet Loan Co., 138 S. State-st., is the proper place to have one's financial needs satisfied. There is the place I go, and there is the place I send my friends. A good bit ago I learned to be thankful that there was such a place for me, and even more thankful that here I could safely guide those who wish to borrow from me, and I would still have friends."—Adv.

"Insurance with Service."

Thud! Thud! In one day this relentless machine gives a Kroehler chair the equivalent of ten years hard service. And it is just as unsuccessful in affecting the piece as a lively family would be.

WAIT

Don't buy a Living Room Suite until you
Investigate the merits of a nationally advertised

KROEHLER SUITE

Run down our way tonight or tomorrow or any day next week
and see the machine pictured above. See it abuse a Kroehler
Davenport.

An 80 pound sack of sand
is dropped on the cushion

25 times each minute,
1,500 times per hour,
21,750 times each day (14 1/2 hours).

Each day this abuse equals the wear and tear of six years use
in the average home.

SEE THIS TEST!

Never such a test of quality! None but a Kroehler with Kroehler construction—with Kroehler patent spring cushions—no other suite in the world could stand it.

7 Days equals 40 years wear

That's the test we'll put on this davenport. See it now. Then
come back next week and see how it has worn.

STATE SENATE AND HOUSE PASS 165 MEASURES

Seven Bills Vetoed by Governor; Seven Become Laws Without Signature

Marion, April 23.—During the 16th session of the Ohio legislature, the Ohio legislators were in session for the first time since Jan. 1, 1935. They passed 165 measures, 111 of which were introduced in the house and 54 in the senate. Governor Donahue has signed 136 of these measures, attached to his signature to 36 and peremptorily vetoed 11. The other measures will be signed by the governor before the adjournment May 9. Measures passed by both legislative branches include:

to 1-8 of one per cent for 1937 and 1938 and to 1-10 of one per cent thereafter.

Gasoline Tax Measure. The Sullivan Bill, increasing the state gasoline tax to three cents.

The Norton Bill, revising Ohio's Highway laws and relieving counties and townships from assessments for building main highways.

The Williamson Bill, appropriating about \$32,500,000 to defray state governmental costs during the 18-month fiscal period beginning July 1, next.

The Abele Bill, making eastern standard time official throughout Ohio.

The Krueger Act, providing a uniform method for issuance of bonds by counties, municipalities, and school boards.

The Jones Act, repealing the interior 10-mill tax limitation and redefining the taxation code.

The Marshall Bill, fixing compensation for village mayors and justices of the peace.

Disposition of Fines. The Eding Bill, providing for disposition of fines collected from liquor law violators.

The Jones Emergency Act, authorizing school boards to borrow funds in anticipation of distribution of state funds, after July 1, next, for week school districts.

Williamson Emergency Board Appropriations Bill, appropriating \$130,000 to be expended, by special direction of the state emergency board, including \$50,000 for expenses in connection with the state-wide investigation being conducted by the state utilities commission into telephone rates.

The Gillen-Burnett Bill, transferring

the state schools for the deaf and blind from the welfare department to the state department of education.

Borrowing Power. The Bolton Emergency Act, authorizing the state auditor to borrow up to \$500,000 for the purpose of meeting current operating expenses of the state government.

The Bender-Herr Bill, compelling sheriffs to feed jail prisoners at cost.

The Agler-Bull Bill, redefining Ohio's corporation laws.

The Collier Emergency Bill, relative to sanitary sewer districts.

The Hamilton Act, providing for regulations, approved by the federal government, designed to combat the European corn borer in Ohio.

The Ingalls "Expert Witness" Bill, authorizing trial courts to appoint expert witnesses to supplement those employed by prosecution or defense.

The Fish-Harding Act, placing county coroners on a limited salary basis.

HERE'S MORE ABOUT DETROIT BLAST STARTS ON PAGE 1

my way to the outside, stumbling over bushes on the way.

"Rescue workers tried to reach the trapped man but the smoke was so dense it was impossible. I believe there are many dead on the third floor.

Otto P. Arntz, an official of the company, said:

"We do not know the exact cause of the explosion but believe it was due to spontaneous combustion.

An entire section of the plant, built five years ago over an area of almost three acres apparently was doomed as freedom from all the city stations conducted a losing battle at 11 o'clock. The damage was seriously estimated from \$1,000,000 to \$7,000,000. Despite their heroic attempts, fire spread to the American Blowing Co. across the street shortly after 11 o'clock.

Dead Not Determined. The exact number who died in the explosion and fire will not definitely be known until a check of workmen can be made, Arntz said.

"About 8:15 the neighborhood was rocked by a terrific blast followed by a spurt of flames from the Duco plant," Arntz said. "Usually about 200 men are employed on the third floor where the explosion happened. We carried out about 50. Some were seriously injured and some apparently only slightly burned. As far as we know other workmen on other floors escaped. A few may have been trapped by falling stairways of debris."

Roofs East Side. The blast rocked the entire east side. Coils at the Detroit railway yards a half mile away jumped and the windows of neighboring buildings were shattered. A large portion of the plant wall topped with the blast.

Immediately dense funnels of thick, black smoke gushed from the building and in a few minutes the low hanging clouds were lit by flames shooting 100 feet into the sky. The crimson glow could literally be seen for miles.

More than 200 girls and women, employed in the cushion department of the plant, were saved from injury by the presence of a unit of William Horowski, foreman of the fifth floor.

FUNERAL SERVICES FOR HEART VICTIM MONDAY

Funeral services for Harley J. Heeman of 126 W. George-st., who dropped dead from heart trouble yesterday morning at the Marion National Mills where he is employed, will be held at 2 o'clock Monday afternoon at Central Christian Church, the pastor, Rev. George E. Groves, officiating. Burial will be made in Marion Cemetery.

HAIR RITES HELD

Funeral services for Mrs. Anna Marie Hain, wife of Charles H. Hain, who died Thursday at her home, 531 Ballentine-av., were held there at 3 o'clock this afternoon and at 3:30 o'clock at the First Reformed Church, Rev. Herbert F. Weckmuller, pastor, officiating and burial was in Marion Cemetery.

ANNULMENT OF MARRIAGE IS SOUGHT BY GIRL

Two Divorce Petitions Filed in Local Court; Three Granted by Judge

Two petitions for divorce and one action seeking annulment of marriage were filed in Marion County Common Pleas Court today.

The annulment action was brought by Olive Matthews, a minor, through her next friend, Katherine Nichols, against Claude Matthews. In her petition Mrs. Matthews states they were married in Monroe, Mich., June 14, 1934 and that shortly after they had gone to Detroit to live Mr. Matthews beat and choked her and made life so miserable that she was compelled to return to her mother in Marion on July 15, 1934.

The two divorce suits were filed by Clara F. Shank against Barney Shank and Ruth De Santo against John De Santo.

In her petition Mrs. Shank, set forth that they were married at LaPorte, Ind., 1923. She charges that he is guilty of extreme cruelty and gross neglect of duty. In addition to the decree of separation she asks alimony.

Mrs. De Santo in her petition claims that they were married May 10, 1932 and are the parents of one child, a son. She charges gross neglect of duty and extreme cruelty. In addition to the divorce she asks that she be awarded custody of the child and money for his support.

Demurrer Overruled. Demurrer to the action of Welbina Harritt against the Ohio Industrial Commission was overruled in Common Pleas court today by Judge George B. Scofield.

Granted Divorces. Harry B. Hoke has been granted a divorce from Eva H. Hoke on charges of gross neglect of duty. He was also awarded the custody of their child.

On grounds of gross neglect of duty Judge George B. Scofield has granted a divorce to Flora L. Gray from David Gray.

Alwidia Kuhn has been granted a divorce from Fayd Kuhn and restored to her maiden name of Alwidia Robinson by Judge George B. Scofield.

Marriage Licenses. Carl Shepley, 21, Marion, filling station attendant, and Helen Spicer, 18, Marion, Dr. J. D. Darling.

W. R. LaVerde, 34, Louisville, Ky., and Agnes Bonner, 20, operator, Marion, Edwin L. Gavin, 27, Columbus, Mrs. Margaret L. Anderson, 25, Marion.

Karl E. Davis, 22, Marion; Thomas Hamilton, 21, Marion; Dr. B. L. George.

HERE'S MORE ABOUT SHOVEL TRANSFER STARTS ON PAGE 1

shares of no par common stock, \$5,000, 1000 in first mortgage 20-year sinking fund bonds and \$2,100,000 preferred stock. The bonds will pay six per cent interest and the preferred stock seven per cent.

Placed on Sale. Both issues were placed on sale in Chicago, New York and a number of other large cities outside the state of Ohio more than a week ago.

Stockholders of the old company and employees in both office and factory have been notified that they have the privilege of purchasing stock or bonds before the public sale starts next week and many are taking advantage of the opportunity, it was stated today.

The stock price is \$105 for one share of preferred and a half share of common. The bonds are offered on a 90% basis, which will yield a return slightly above 6 per cent.

Assets Excess Issues. The prospectus compiled by Harri-man & Co. for publication in connection with the securities sale show that assets of the local industry are considerably in excess of the total of both the bond and preferred stock issues. It also shows that earnings of the company during the last five years have been more than five times the interest and sinking fund requirements of the bond issue.

BODY OF MRS. STEWART TAKEN TO GALLIPOLIS

Funeral services for Mrs. Frances S. Stewart who died yesterday at her home, 659 Oak-st., were held there at 7 o'clock last night in charge of Dr. B. L. George, pastor of Epworth M. E. Church. The body was taken to Gallipolis early this morning and following services there at 3 o'clock this afternoon burial was to be in Rio Grande Cemetery.

LEAVES HOSPITAL

Mrs. Paul Applegett, 290 S. Grand-av who recently underwent an operation for appendicitis has been removed from City Hospital to the Ira Applegett home, 828 Bellefontaine-av. in the Schaffner & Queen Invald Car. Her condition is reported improving.

RECORDER'S AUTOMOBILE FOUND ON DELAWARE-RO

County Recorder Charles E. Smith's automobile, a 1926 model Chrysler coupe, which was stolen here Thursday night, was found abandoned along the Delaware-rod, about a mile south of Norton, late yesterday afternoon. Recovery of the machine was reported to local police last night by the sheriff of Delaware county.

Mr. Smith stated today that the car was damaged but that the extent of the damage will not be known until a report is received from mechanics at a garage in Wadsworth where it was taken for inspection.

TAKEN TO HOME

Joe Calagno was removed from City Hospital to his home, 1000 W. Center-st., this morning in the Schaffner and Queen Invald car.

Thieves Attempt To Steal Sow, Pigs; Injure Animal

The old saw that troubles never come singly is borne out in recent events on the farm of Fred Sappington, eight miles west of the city on the Harding Highway.

Early Wednesday morning an \$80 set of brass mounted work harness was stolen from his barn.

Late last night thieves again visited the farm and attempted to steal a sow, quartered in the farm lot with her five pigs.

This robbery probably would have been consummated but for the barking of a dog. The thieves carried and dragged the heavy animal a distance of feet from the barn and in an attempt to lift it over a fence dropped it. The animal sustained a broken shoulder.

Mr. Sappington and a neighbor whom he summoned to his aid when he was awakened by the dog barking armed themselves with shotguns and made a tour of the premises. They made no discoveries and so retired.

Without delay, Mr. Sappington went to the barn for further investigation and discovered the loss. He began a search and found the wounded animal near the fence. Arrangements were being made today to shoot the animal.

HERE'S MORE ABOUT FLOOD STARTS ON PAGE 1

received by the office of the army engineer here.

The steamer Wabash had landed 700 of the marooned men, women and children at Helena, Ark., and immediately sent out again to rescue more of the refugees, who are reported in danger of being swept into the flood water at any moment.

Six U. S. dredge boats, playing in the vicinity of Helena were given wireless orders to put on all possible speed for Knoxville's Landing.

FEAR LEVEES UNABLE TO STAND STRAIN

New Orleans, La., April 23.—With flood waters rising all along the Louisiana coast fear was expressed here today by the state's leading engineers that levees in Louisiana would not be able to withstand the onrush of the mighty Mississippi's greatest rampage in history.

Reports from Friday, La., were that the levee near that city was crumbling and in grave danger of breaking. Thousands of acres of northern Louisiana farmlands and five towns would be flooded by such a break. It was said.

CENTER RESCUE EFFORTS IN MISSISSIPPI, ARKANSAS

St. Louis, April 23.—Merry workers, who have labored with untiring hands for many days in the flood-torn areas of the Mississippi River, centered their efforts today in the states of Arkansas and Mississippi where heavy tides continued assaults on river fortifications.

The battle against the hovering figure of pestilence and death has become a real problem in Arkansas where the refugee camps are hourly becoming more crowded and a corresponding increase in sickness noted. Thus far medical authorities have been successful in preventing any serious outbreaks but many cases of measles, mumps and whooping cough are under treatment.

The crisis in the situation in southern Missouri, now a vast lake, and in southern Illinois, is believed past. A slight drop in the river has been noted in this section and the remaining levees, strengthened by temporary supports, are expected to hold out the waters now within their confines.

A serious break below Cora City, Ill., in Jackson County, was averted, when an army of workmen piled sandbags along the Decatur-Fountain bluff levee and plugged a crevasse that had been opened in the wall at that point. This break threatened to inundate more than 30,000 acres of rich farm land.

The Missouri River, still rising, sent the Mississippi here up one-tenth of a foot in the last 24 hours and a rise of another foot is expected before crest is reached.

Farmers living along the Missouri lowlands have been driven from their homes.

The promise of continued favorable weather was a cheerful note sounded in the ears of the sufferers today.

Refugee camps are now estimated to be housing more than 50,000 persons.

MURDER, SUICIDE

Bodies of American Couple Found in Auto in France

Paris, April 23.—Julian Meredith of Buffalo and a woman believed to be Marion Roberts of New York, Meredith's fiancée, were found shot to death in an automobile today near Versailles.

A revolver was found in Meredith's right hand and the police theory is that he killed the woman and then shot himself.

Police were confident that the case was one of murder and suicide, they said, as Miss Roberts' jewelry was still on her body and a sum of money was found undisturbed in Meredith's pocket.

Meredith was divorced in Paris last July by his wife, the former Dorothy Thompson Reisel, who charged him with desertion.

Meredith was 27. Miss Roberts was 23.

LAST RITES ARE HELD TODAY FOR ADAM KRUG

Funeral services for Adam Krug, who died Thursday at the home of his son-in-law and daughter, Mr. and Mrs. John M. Newby, 126 Thieraville, were held at 2 o'clock this afternoon at the home in charge of Rev. Alfred W. Swan, pastor of Forest Lawn Presbyterian Church. Burial was in Marion Cemetery.

Mr. Krug died exactly one week after his wife, Mrs. Ellen Simpson Krug passed away. He was one of the oldest Odd Fellows in the State.

PENNY SUPPER, MEETING HELD BY REBEKAH LODGE

Following a penny supper last night at Odd Fellows hall, members of Rebekah Lodge held their regular business meeting, holding open one candidate for membership. A report of the Ohio Rebekah Assembly held recently at Canton was given. The next meeting will be held at the hall May 13.

LODGE ENTERTAINED

Members of the Marion Loyal Star Lodge were entertained at an all-day meeting yesterday at the home of Mrs. Willis Elger Finney. Covers were placed for 14 at noon and last night. In a contest, which followed a short business meeting, honors were awarded Mrs. Maude Obenour and Mrs. John Koenig.

TO SPEAK AT MARYSVILLE

H. E. Hill, Marion County representative in the state legislature, has accepted an invitation to speak in Marysville on July 4 in connection with a program being planned by the American Legion of that place.

FIRE DAMAGES ROOF

Chimney sparks set fire to the roof of the Josephus Monnet home, 815 E. Center-st., shortly before noon today, resulting in damage amounting to about \$50. Firemen from department No. 1 were summoned.

SNYDER SERVICES HELD

Funeral services for Mrs. Sarah Ann Snyder, wife of Jacob Lewis Snyder, who died Thursday at her home, 119 Jefferson-st., were held at her late home at 1 o'clock this afternoon with Dr. D. L. Church, pastor of Epworth M. E. Church, officiating. Burial was in Marion Cemetery.

NEGRO TO BE RELEASED; WAS TAKEN AS SUSPECT

Tom Fields, 26, Memphis, Tenn. negro who was taken into custody by police early Friday morning as a suspect in connection with a burglary at the home of Charles Fouts, 723 N. Main-st., probably will be released.

Fouts reported that his home was entered Thursday night and a pair of trousers with \$20 in one of the pockets stolen. He gave the police the description of a negro who had been seen loitering in the neighborhood and Fields was arrested a few hours later at the Union Station.

Fields, however, had no money in his possession when arrested and police are convinced that he had nothing to do with the burglary. Fouts, Chief Thompson says, is unable to identify Fields as the negro who was seen near his home prior to the robbery.

MISSIONARY SOCIETY TO MEET SUNDAY AFTERNOON

A district meeting of members of the Young People's Missionary Society of the Wesleyan Methodist Mission will be held at 2:30 o'clock Sunday afternoon at the N. State Street Wesleyan Mission. It was announced by Rev. H. B. Smith, pastor, today. Members of the society in Marion and surrounding country will be in attendance.

WESLEY PASTOR TO RESUME HIS PULPIT SUNDAY

Dr. J. D. Darling Sufficiently
Improved To Conduct Ser-
vices Again

For the first time since he suffered a nervous breakdown several weeks ago, Dr. J. D. Darling, pastor of Wesley M. E. Church, will fill the pulpit at the church at 7:30 o'clock Sunday night. He will preach a short sermon on the subject, "Jesus, Saviour." Dr. Darling will take up his duties as pastor of the church gradually.

Rev. J. W. Clutter of Lakota will preach at the service at 10:30 o'clock Sunday morning on the subject, "The Foundation of Things Unseen."

During the Sunday School hour at 9:45 a. m., Clarence Culp will be featured in a violin solo, Mrs. Culp playing his piano accompaniment.

CINCINNATI WOMAN WILL SPEAK AT PROSPECT M. E.

Miss Susie Kreutziger, deaconess and preceptress at the Dorcas Institute in Cincinnati, will preach on the subject, "Life Service," at the morning service at 10:30 o'clock and night service at 7:30 o'clock Sunday at Prospect Street M. E. Church. It was announced by Rev. A. F. Uphoff, pastor, today.

Miss Kreutziger filed the pulpit at Prospect Street M. E. Church not long ago and is known here as a speaker of excellent ability.

MARION PASTOR TO PRESIDE AT MEET IN GALION

Rev. H. F. Weckmueller To
Have Charge of Sunday
School Institute

Rev. Herbert F. Weckmueller, pres-
ident of the Central Ohio Classis
of the Reformed Church, will preside at
the opening session of the Sunday
School Institute being conducted by
Reformed Churches of the Northern
Hall of the Central Ohio Classis at the
First Reformed Church at Galion Fri-
day, April 22. It was announced today.

An attendance of approximately 125
is expected, since the district includes
Reformed Churches in Delaware, Mar-
ion, Wausau, Hardin and Crawford
Counties. A number of Sunday School
teachers of the local church are plan-
ning to attend.

Church Started in 1905 in Four-Room Cottage on Darius-st

To Trinity Baptists of Marion must
go the credit for sensing the need of a
church edifice in the west side of Mar-
ion, which previous to 1906 had no
place of worship, according to the re-
port of the Rev. A. G. Adiance, pas-
tor at Fite Memorial Baptist Church.

Realizing that the growth of war
Marion was certain, due to the steam
shovel factories, railroads and inter-
urban lines, it was equally certain that
a church would be one of the first
necessities.

Although the need had long been
felt it was not until November, 1906
that Miss Anna Fite, together with a
number of others from Trinity Baptist
Church organized a Sunday School in
a little four-room cottage on Darius-st
with an enrollment of 35. Miss Fite
was elected superintendent of the
school and under her able leadership
the four-room cottage was soon taxed
to its capacity.

By the following
summer several classes were meeting
underneath the trees on the lawn.
The first children's day service was
held in June. Rev. George Barnard
was then the pastor of Trinity Baptist
Church and much credit is due
him for his help and encouragement.
He together with one of the most faith-
ful of Trinity Baptists in the person
of George Hoyt was the person to
conduct a Thursday night meeting
for the mission. Such was the attend-
ance at both the Sunday and midweek
meetings that the cottage was no longer
large enough to meet the need and a
new building became a necessity.

After prayerful consideration of this
immediate need a committee of which
Miss Anna Fite was appointed a lead-
ing member was chosen to select a
suitable site for the new structure.

This committee soon found a very
suitable location on the northwest
corner of Davids and Darius-st. Here
the church still stands. It was through
the generosity and untiring efforts of
Miss Fite that both the new location
and structure were made possible. In-
terest in the new building was intense
and continued to grow more so as the
building neared completion. Oppor-
tunity to move into the new
quarters came in March, 1913,
when the present building was
dedicated. The following month the
mission was organized into a Baptist
Church with 46 charter members.

Trinity Baptist Church set aside this
group of ten membership as a founda-
tion with which to launch the new
church.

Honor Miss Fite

The matter of a suitable name for
the new church presented itself. Rev.
W. A. King, successor to Reverend
Barnard, was pastor of Trinity Church
at this time and it was his timely sug-
gestion that the new church be named
Fite Memorial Baptist Church in honor
of Miss Fite. The name was accepted
to all, and in honor of its promoter and
generous contributor the new church
was named, Fite Memorial Baptist
Church. This new church supplanted
the Marion Baptist Association for

city.

Fite Memorial Baptists Experience Steady Growth

Church Started in 1905 in
Four-Room Cottage on
Darius-st

To Trinity Baptists of Marion must
go the credit for sensing the need of a
church edifice in the west side of Mar-
ion, which previous to 1906 had no
place of worship, according to the re-
port of the Rev. A. G. Adiance, pas-
tor at Fite Memorial Baptist Church.

Realizing that the growth of war
Marion was certain, due to the steam
shovel factories, railroads and inter-
urban lines, it was equally certain that
a church would be one of the first
necessities.

Although the need had long been
felt it was not until November, 1906
that Miss Anna Fite, together with a
number of others from Trinity Baptist
Church organized a Sunday School in
a little four-room cottage on Darius-st
with an enrollment of 35. Miss Fite
was elected superintendent of the
school and under her able leadership
the four-room cottage was soon taxed
to its capacity.

By the following
summer several classes were meeting
underneath the trees on the lawn.
The first children's day service was
held in June. Rev. George Barnard
was then the pastor of Trinity Baptist
Church and much credit is due
him for his help and encouragement.
He together with one of the most faith-
ful of Trinity Baptists in the person
of George Hoyt was the person to
conduct a Thursday night meeting
for the mission. Such was the attend-
ance at both the Sunday and midweek
meetings that the cottage was no longer
large enough to meet the need and a
new building became a necessity.

After prayerful consideration of this
immediate need a committee of which
Miss Anna Fite was appointed a lead-
ing member was chosen to select a
suitable site for the new structure.

This committee soon found a very
suitable location on the northwest
corner of Davids and Darius-st. Here
the church still stands. It was through
the generosity and untiring efforts of
Miss Fite that both the new location
and structure were made possible. In-
terest in the new building was intense
and continued to grow more so as the
building neared completion. Oppor-
tunity to move into the new
quarters came in March, 1913,
when the present building was
dedicated. The following month the
mission was organized into a Baptist
Church with 46 charter members.

Trinity Baptist Church set aside this

CLUB AFFAIRS
SOCIAL EVENTS
CHURCH NOTES

Social Activities

MEMBERS of Senior Lecture-Bureau Club will hold their annual dinner meeting at 6:30 o'clock Monday night at the Marion Club. The event will mark the close of the season and an entertaining program has been arranged. Covers will be placed for active members of the club.

MEMBERS of the Shakespeare Study Club formally presented their gift to the library, a framed photographic reproduction of the titled page of the first folio edition of Shakespeare's Plays, last night preceding their club banquet at the Marion Club. The presentation was made by Mrs. Harry J. Mautz, who will serve next year as president of the organization. The reproduction which displays the only authentic portrait of Shakespeare, is framed in black with an edge of brass, harmonizing with the picture, and bears a plate denoting the donors. The gift was presented in observance of the 353rd anniversary of the birth of the bard.

Mrs. N. F. Nilton presented a book, "What Is Shakespeare," and introduction to the great plays, by Shuman as a gift to the club during the dinner.

Daffodils arranged a lovely decorative note for the dinner, which was followed by a social hour. In a contest on verses from Shakespeare, honors were awarded Mrs. F. Tilton. Members of the club presented phases of the characters from "Hamlet," which they have interpreted during the study course this year. Next year's contest will include "Julius Caesar," and "Anthony and Cleopatra." Officers for next year will be Mrs. Harry J. Mautz, president; Mrs. Rodney B. Hume, vice president; Mrs. Z. Stout, secretary and treasurer. Mrs. N. F. Tilton will represent the club at the conference of Shakespearean Clubs to be held this summer at Lakeside. Mrs. Rodney B. Hume was chosen alternate.

Mrs. K. Nordquest is club hostess. Mrs. Karl Nordquest entertained members of the Sunshine Stitches Club at a sewing yesterday afternoon at her home, Theway. A dainty lunch was served. The next meeting will be held at the home of Mrs. H. A. Dawson, Theway, in two weeks.

Farewell Party for Mrs. T. M. Stump. Mrs. Marvin Weston and son, Norman, of Green Canyon, were guests at the farewell party given by members of the Jolly Ten Club last night at the home of Mrs. Ernest McLeek, Henry St., honoring Mrs. T. M. Stump, who will leave next week to make her home in Columbus. Music and refreshments were enjoyed, honors in the contest going to Mrs. D. J. Finley. Mrs. Frank Riley was consulted. Lunch was served. Mrs.

Mrs. Grace Holmstrom is guest of honor. Miss Grace Holmstrom was complimented with a prettily appointed most delicious dinner yesterday afternoon when Mrs. Tabor Adams and Mrs. Edgar Hill entertained at the Adams home, east of the city. Miss Holmstrom's marriage to Francis Winter, of Red Oak, Ia., will take place this month. Yellow and white spring flowers arranged a pretty color note in the rooms and for the luncheon. Guests included Mrs. W. H. Holmstrom, Mrs. Ida Hill, Mrs. E. C. Holmstrom, Mrs. C. H. Dix, Mrs. G. A. Schenck, Mrs. H. C. Cass, Mrs. E. E. Thelen, Mrs. Charles Grant, Mrs. Dale Law, Mrs. Miss Isadora Dix and Miss Mauda Hill.

Jay Makers Club at Rhoades home. Mrs. Edith McLeek and daughter, Edith, Mrs. Homer Rhoades, Mrs. Polo Wilhoit and daughters, Gertrude and Norma Jane, and Miss Ethel Silverman were entertained as guests at the meeting of members of the Jay Makers Club of Salt Rock Township Thursday afternoon at the home of Mrs. Alma Rhoades. Current events were given in response to roll call by 12 members of the club. A paper, "Noted Mountain Peaks and Ranges," was given by Mrs. Jennie Hall as the first number of the program.

A poem, "When Mother Dares the Socks," was given by Mrs. Edna Cason and a paper, "Noted Outcrops and Waterfalls of the World," by Mrs. Mildred Murphy. Mrs. Rhoades entertained with two violin selections, "Moonlight Revelry" and "Melody of Favorite Airs." Miss Georgia Smith playing her piano accompaniment. A report of the "Home Department" was read by Mrs. Otis Jolly. The next regular meeting will be held May 19 with Mrs. Bertha Silverman.

Miss Helen Spicer and Carl Shepherd are wed. Miss Helen Spicer and Carl Shepherd were united in marriage about 3:30 o'clock yesterday afternoon by Dr. J. D. Darling, pastor of Wesley M. E.

UNDERGOES OPERATION. Miss Ethel Bray, 437 Elmwood dr., underwent an operation for appendicitis at City Hospital this morning.

Although several services are arranged for men or women especially, all are invited to attend each service. Dr. L. W. White pastor of the church, announced. A twenty minute musical concert will precede each service.

CANTON MARION BAND TO GO TO GALION SUNDAY. Members of Canton Marion Band will meet at the I. O. O. F. Hall, N. Main st., at 12 o'clock Sunday and at 12:30 o'clock will leave for Galion where they will take part in the parade and exercises to be held in celebration of the 108th anniversary of Old Fellowship by members of the Galion Lodge No. 210. It is expected a number of Old Fellows from Marion lodges and those in the vicinity will attend. The celebration. Members also will be in attendance from Woodstock, Ashland, Mansfield and Willard Lodges it is expected.

Things. Luncheons Radio Parlance Inventions. BY EDNA S. DUTTON.

If it weren't that the hours between the time I arise from my couch in the g. m. until far into the night is devoted to covering meetings of this committee or that one and garnering publicity for the 31st annual convention of the Ohio Federation of Women's Clubs, I'd give a party. Now I will know any amount of it intended for the society page would land in the waste basket if all depended on the fact that it was my party, but when the car of the church saw what kind of a party it was I feel certain it would stay the blow, for it would be one like of which he had never heard of before. My invites would read, "You are invited to a daffodil luncheon." Doesn't that sound intriguing? A dark diningroom is most effective for a daffodil luncheon, so I have learned, because of its sunshiny qualities. Yellow daffodils in a copper lustre bowl would center the table and goblets in amber tint would perch contentedly in close proximity to plates in purple blue china. Or mayhap at the last minute I would change my mind and decide to use a primrose yellow cloth set with china of deeper yellow, amethyst goblets and choose purple lilacs for the centerpiece. All this I would do providing of course I had the time, and the dark diningroom, yellow daffodils, lustre bowl, amethyst goblets and purple blue china. But there are some really interesting table settings to say nothing of their colorful expressions. Old ivory linen damask is mighty smart and it is used for very formal occasions, comes in dinner cloth size. Center pieces in mauve and purple tones are particularly good and china of ivory with border tones of purple are effective. If you want to be real formal choose a centerpiece of early spring flowers, arrange them in an oval glass bowl with candlesticks, which, instead of forming a body guard around it, march lengthwise down the table. N. B. I am not authority for this latter info. I gleaned it from an authority on the how and why of the dinner table. Where sometimes make my contribution to the luncheon and the baker tablecloths are all on and on the days when we haven't on our company manners some of us use the china top table and a fork in lieu of a dinner bell to summons the silent purveyor of our food.

Personal Mention. Mrs. T. E. Moon of Wilmington is the guest this week of her daughter, Mrs. Aaron Goetting at her home, Kentmore av.

Eugene Seiver, Robert Geran and Warren Ballentine returned this morning from Cincinnati, where they are students in the University of Cincinnati and will spend the month at their home here.

Mr. and Mrs. John Reidenbaugh, Windsor st., arrived home yesterday from Haines City, Fla., where they spent the winter.

W. H. Holmstrom, Mr. Vernon at, returned today from a trip to Charleston, W. Va.

Miss Beulah Smith, Hill st., and Miss Alice Fetter, Pearl st., attended the production of "The Vision," at the Lutheran Church, Bucyrus, last night.

PREACHES SUNDAY. Rev. G. A. Kauder, Considered for Salem Evangelical Pastorate.

Rev. G. A. Kauder, of Wakarusa, Ind., who is being considered for the pastorate of Salem Evangelical Church will preach there at the morning service Sunday, in German, and at the night service, in English.

Following the service Sunday there will be a special business meeting of members of the congregation of the church.

Services are scheduled for 10:30 a. m. and 7:30 p. m. Those will be Rev. Kauder's first sermons here.

IN COMPANY WITH CHRIST. SUNDAY SERMON SUBJECT. "In Company with Christ" is the topic of the sermon to be preached by Rev. W. R. Shively at the Church of Brethren of which he is pastor, at the service at 7:30 o'clock Sunday night. His subject for the morning service will be "Christian Frailty."

AUXILIARY MEETS. Members of the Eagles Auxiliary met with good attendance last night at Eagle Hall and transacted routine business. During a social hour lunch was served. The next meeting will be held May 13 at the hall.

AUXILIARY TO TAKE PART IN MEMORIAL DAY MEET

Mrs. M. Miller and Mrs. James Kennedy were appointed a committee to represent the Betsy Ross Auxiliary, No. 14, at the meeting of the Memorial Day committee next Monday at Community Home, S. High st., at the meeting of members of the auxiliary yesterday afternoon at the home. Two candidates were initiated and one application for membership received.

Reverend Hall of Waldo, guest of the auxiliary, gave an inspiring talk. Refreshments were served during the social hour. The next meeting will be held May 27 at the home.

CANDIDATE INITIATED. One candidate was initiated at the meeting of members of Gaily Temple, No. 152, Pythian Sisters, last night at Gaily Hall. Routine business was transacted. The next meeting will be in three weeks.

LADIES' AID SOCIETY CIRCLE HOLUS MEETING. Mrs. Lizzie Hughes, Mrs. Henry Baker and Mrs. B. G. Deane were hostesses to members of Circle No. 13, Ladies' Aid Society of Epworth M. E. Church, Wednesday afternoon at Mrs. Hughes' home, N. Main st. The afternoon was spent socially and with the playing of quilts. Lunch was served. The next meeting will be held in May at the home of Mrs. Carl Mack, Belvedere av.

BUILDING COSTS IN MARCH HIT HIGHEST MARK

Third Successive Month To Witness Increase in Construction Work

Washington, April 25—Construction costs rose during March, reaching the highest level they have occupied in two years. The average of these costs last month was slightly more than twice as great as the average registered in 1913, according to statistics compiled by the Associated General Contractors of America.

March was the third successive month to witness an increase. The latest rise was the most definite upward movement within any single month since early in 1922.

The increase is ascribed to higher prices of the basic construction materials. The average of material prices last month was the greatest since July, 1925.

No Wage Change

The average of wages paid by contractors in the principal construction centers of the country during March showed no change from the figure recorded for February, when a slight rise over the January average was noted. Ganged by a sea, which places the 1925 average at 100 as its basis, construction costs as a whole reached the 201 level in March. At no time during the nine-month period months had the 200 mark been topped.

Last month's average was four points above the figure recorded for March, 1926. It was virtually equal to the March, 1925, average.

ADDED COST OF BRICK SURPRISINGLY LITTLE

Contractor Finds Difference Between It and Frame Shingle 1½ Per Cent

Mistaken ideas of cost, as compared with that of other types of construction, are largely responsible for the fact that more brick houses are not built today, Marion contractors say. Most people are under the impression that the brick house costs 15 or 20 per cent more than its counterpart built of wood. While this may have been true once it is not so any longer, it is claimed.

Last year in Cleveland a building contractor, who had upon the same set of plans for a home in brick, frame-shingle and frame-siding, effectually dispelled this popular delusion. On the frame siding house he bid \$12,795.00; on the frame shingle it was \$12,830.24, and on the brick house, using common brick, rotokub hollow wall construction, it was \$13,040.

PERMIT TAKEN OUT FOR BRIGHTWOOD-OR HOME

Mr. and Mrs. Henry Hochstetter, 281 Chestnut-st., Building Residence

A building permit has been issued from the office of the city clerk to Mr. and Mrs. Henry Hochstetter, 281 Chestnut-st., for construction of a brick dwelling on Brightwood-dr., near Mr. Vernon's, at an estimated cost of \$8,000. Work on their new home was started Thursday.

This is the second dwelling started in the Brightwood addition within the last few days, the other being constructed for E. H. Fishner, president of the Marion Steel Body Co. Mr. and Mrs. Hochstetter also took out a permit for remodeling their present home on Chestnut at an estimated cost of \$200.

MODERN CAMERA BATTERY

Bauer Studio Among City's Oldest and Most Up-to-Date Photograph Establishments

Adam Bauer, Head of Organization, Only Local Member of Both Master Photo Finishers of America and Photographers' Association

The Bauer Studio, 129 1/2 S. Main-st., headed by Adam Bauer is one of Marion's oldest and best studios. Mr. Bauer has spent a life time at photographic work, and has been located at the above address now for more than 10 years. It should be gratifying to Marion and Marion County residents to know that it has such an up-to-date and complete photographic studio.

Mr. Bauer is closely associated with a number of many local organizations in addition he is a member of the Master Photo Finishers of America and also the Photographers' Association of America. He is one of the 57 photographers out of the whole state belonging to the Photographers' Association of America, and the only Marion member.

WORK STARTED ON NEW BUTTER KRUST BAKERY

New Plant Costing \$2,000 To Be Located on S. Seffner-av

Construction of a new building on S. Seffner-av. to be occupied by the Butter Krust bakery, now located on E. Center-st., is now under way, a permit for the work having been taken out at the office of the city clerk this week.

The plot of the building, which will be of frame construction and measure 24 by 30 feet, is estimated at \$2,000. The permit was issued to Alva R. Miller, one of the bakery firm, to site for the new building being at the rear of his home on Seffner-av.

The E. Center-st. building now occupied by the bakery is to be torn down and replaced by an automobile filling station to be operated by Charles F. Lusch.

A building permit was also issued to H. E. Clark for construction of a garage at 236 Edwards-st. at an estimated cost of \$100.

TO ELECT STADIUM

Sacramento (Calif.) Junior College is raising funds for the erection of a stadium of 25,000 seating capacity.

CONSTRUCTION OF NEW FACTORY IS PROGRESSING

Most of Steel Framework of Wilson Bohannan Co. Plant in Place

Construction of the Wilson Bohannan Co. factory building on Backus-st. is progressing rapidly, most of the steel framework now being in place with probability that roofing work will start some time next week, a representative of John Baldauf & Son, contracting firm in charge of the work, stated today.

A force of more than a dozen workmen has been employed on the factory project since the construction operations got under way about a week ago. The first section of the concrete foundation was completed this week to provide a base for the steel building framework. It is expected that the steel casing will be installed within the next ten days.

Confronted With Task

One of the biggest tasks in connection with the preliminary construction work will be hauling of cinders and crushed stone to be used for filler for the factory floor space. The factory building covers 12,000 square feet and the contractors estimate that between 100 and 500 truck loads of filler will be needed as a base for the flooring, part of which is to be concrete and the remainder heavy wooden plank.

All of the cinders available in the city will be purchased by Baldauf & Son, who claim that the supply will be sufficient and that it will be necessary to use crushed stone and screenings to complete the job.

Under terms of the contract awarded to Baldauf & Son the building is to be completed and ready for use by June 1. The contractors state that if progress with the work continues as satisfactory as it has up to this time, the structure will be finished well within the time limit.

As soon as the framework is completed and the building is under roof, other local concerns which were awarded sub-contracts for plumbing, heating and lighting will start on their part of the construction work in order that the factory may be fully equipped and ready for use by June 1 or shortly afterward.

City to Cooperate

The city engineering department is also planning to cooperate in helping the project along by extending truck access to the Backus Valley Highway in accordance with authority granted by city council some time ago. This street extension was ordered so that the new industry would have ample transportation facilities.

Council has also ordered construction of sidewalks on Backus-st. and work on this improvement is being planned for completion by the time the factory is ready to start operations.

The Bohannan company which is moving here from Brooklyn, N. Y., manufactures locks and other hardware supplies and will employ about 60 workmen with probability of increased operations later. It is a growing concern with a nationwide market already established for its products.

PLANS TO SELL OUT

C. S. Gillespie, 678 Decade-st., who has been working independently in Marion as a wall paper hanger has announced that he is planning to close out his business here preparatory to moving to California. Mr. and Mrs. Gillespie will move to California about July 1.

Mr. Gillespie has been operating from his home on Decade-st. where he has a small wall paper store and shop.

Change Eligibility Rules of Recreational Ball Players

MAYOR WALKER MAY NEXT LEAD AMERICAN LOOP

Friends Believe, However, That He Will Decline Offer Rumored

New York, April 23.—Friends of James J. Walker, Mayor of New York City, today expressed the belief that he would decline an offer of the presidency of the American League at a salary of \$100,000 a year, reported to have been made by the league.

Although Mayor Walker insists that he has received no formal offer from the league, rumors persisted today that the league managers at a secret meeting yesterday decided to offer him the post.

"The mayor's reply to all questions was: 'I have had no formal offer from the American League. In any event, I would not discuss any offer until it had been made formally.'"

According to friends of the mayor, he will not entertain such an offer until his present term ends on Jan. 1, 1930. He is said to feel that his resignation at this time might result in the disruption of the political organization of Tammany Hall.

Discussion of Mayor Walker in connection with the presidency of the league resulted from the return of Ben Johnson to his activities as head of the league. It was said, following Johnson's controversy with Judge Kenesaw M. Landis, the care of baseball, the league owners had believed that Johnson would "graciously retire."

Judge Landis was in Baltimore today, where he was expected to confer with Col. Jacob Ruppert, owner of the New York Yankees, President Griffith of the Washington Club, President Quinn of the Red Sox, and perhaps President Shibe of the Athletics.

NO WORD OF MOVE, DECLARES HARRIDGE

Chicago, April 23.—"I have heard nothing of the move," said William Harridge, secretary to Pres. Ben Johnson of the American League, today, when asked about reports from New York that Mayor Jimmy Walker will be offered Johnson's place as proxy of the league. Johnson was out of town and could not be reached.

CROSS COUNTRY GOLFER ARRIVES IN EL PASO

El Paso, Tex., April 23.—Joe Grahame, youthful Mobile cross country golfer, was here today seeking an automobile lift to California where he hopes to finance the remainder of his "one hole match" from Mobile to Los Angeles. Grahame said he had lost 140 balls and had taken 35,948 strokes before he went on the plane. His caddy, "Happy" Kirby, got home from San Antonio and started back to Mobile.

Commission Rejects Glove Proposal; Amends Several Laws of Local Association

No Games May Be Postponed During Coming Season Unless Rain, Cold Weather or Wet Grounds Prohibit, Is New Rule Made by Board of Control

By EDDIE SCHOENLEB Sports Editor, The Star

A CHANGE in eligibility rules governing all leagues and especially Sunday School leagues, rejection of the proposal to use gloves, and a ruling in regard to postponed games, were among the high spots touched last night at the second meeting of the new commission of the Marion Recreational Ball Association at the Y. M. C. A.

Every member of the commission with the exception of Charles Isaly, was present. Pres. John H. Clark acted as chairman.

By unanimous vote, the commission last night amended the rule regarding Sunday School eligibility, making it read as follows:

"In the Sunday School leagues, each player must be a member of the Sunday School he represents. He must attend three Sundays in succession to become a member and attend at least two Sundays each month during the year, unless otherwise determined by the commission."

How It Was The rule formerly read that a player must attend three Sundays before becoming a member of the Sunday School and attend 50 per cent of the time during the league season. This rule, it was pointed out, permitted players who wished to play on Sunday School teams to start going to that school three weeks before the season opened, attend half the time during the season, then quit going to Sunday School until three weeks prior to the opening of the next season. In this manner a number of "ringers" could step in and take the place of a good Sunday School member who attended the year round but who might not be such a good player.

Under the amended rule this action is not permitted. The man who wishes to play recreational ball on a Sunday School team next year will have to be on hand the whole year. The clause "unless otherwise determined by the commission" was placed in the new ruling to take care of those who might be unable to attend Sunday School "two times each month" because of sickness or other causes. The commission will have authority to act on those special cases.

Another Rule Amended

Rule 24 of the Marion Recreational Ball League regarding the eligibility of a player on a club or shop team was also amended by unanimous vote of the commission and an additional phrase annexed in direct connection with that law. The rule now reads:

"As soon as a new member joins a club or a new man is employed he must be registered with the secretary of the league, and then 15 days after he has registered, he may be eligible to play. All reports for registration shall be void unless in writing."

The new ruling in connection with this law regarding the eligibility of youths who are now in college but who will return to work here this summer. It was introduced by Doug Torrence and received the unanimous approval of the commission. It reads as follows:

College Students "A man returning from college, to the industry in which he was employed prior to going to college, provided, however, that he has not been employed by any other industry in the meantime, may play with the team sponsored by the industry immediately."

The second rule introduced by Torrence never existed but the provision in the first rule formerly held that a man must be registered 30 days before he could play with a certain club. It was decided by the commission that this rule was placed in the by-laws for the purpose of preventing a man or company from employing a man for one day and putting him on the diamond in a big game. Since this was the case, it was proposed that the length of time be cut in half so that those who really were employed during the ball season might not have to wait 30 days before becoming eligible to join the team.

The law introduced in regard to college students explains itself. If a youth was employed in a local factory before going to college and comes back this summer to work in the same factory, he is eligible to play at once. But if he goes to work in another company, he must follow the 15-day rule.

New Law

A new law was adopted in relation to the postponement of scheduled games. It says:

"All games shall be played as scheduled unless prevented by rain, cold weather, or wet grounds. Any game postponed for any of said causes shall be played at the time and place ordered by the secretary of the commission."

There was complaint last year about two managers agreeing at the last minute that they would not play their scheduled game because a valuable player was not available or for some other similar reason. The game would be postponed easily enough but when it came to getting together on the date of playing it off, the arguments started. The new rule prevents this occurrence.

May Get Loss

If two managers insist on calling off the game when the grounds are in good condition, each will be credited with a defeat.

According to members of the commission, several "pick-up" teams have asked to be admitted to the league. These teams were ruled out by the law in the constitution saying that "each player must be a member of good standing of his club or an employer or employee of the company he represents."

Another rule was stressed during the session and will be strictly enforced this season, it was declared. Here it is:

Umpire's Control

"The umpire has complete control of the game and only the captain and managers have the right to converse with the umpire."

In other words, what the umpire says, goes. If the umpire sees fit to put a man out of the game for a misdemeanor, that's his business and if the team "hollers" too much, he may order the game a forfeit in favor of the opposing outfit, if necessary to quiet the fracas. This rule existed last year but was not impressively enforced.

The unanimous rejection of the suggestion that players use gloves this year was a feature of the meeting. Every member, with the exception of the person who brought up the question in behalf of a number of supporters of the game, was heartily in favor of continuing the game as it is.

Would Rule Game, Claim

"The use of gloves will ruin the sport," said one. The contention of the member proposing the change was that a number of players last year, especially in the infield, suffered severe injuries to their hands as a result of ball grounders or "beelieners." The catcher may use a mink if he wishes but other players must play bare-handed or not at all in the league games.

One of the greatest arguments last night arose over what kind of a ball would be used in the games this season. After a number of heated discussions it was finally decided to give each brand of balls a try-out for a week. The Spaulding ball will be used for a round of games, then the Reich ball will be used for another round, and the Wilson ball will be given its chance. When the three rounds are over, the balls will be returned to the Y. M. C. A. and examined by the commission. The kind of ball that holds up the best will be selected as the official ball of the season.

Last year Spaulding balls were to be used but the commission was unable to procure them on a number of occasions and were compelled to change to Wilson. This arrangement does not go so well with the pitchers.

Base Argument After a few heated arguments on what to do about bases, a committee composed of Doug Torrence, Frank Gibson and P. O. Rudolph, was appointed to decide on the proposition. What action this committee takes will be announced later.

A rewards committee composed of Frank Thomas, Earl Smart, F. V. Bacon, and P. O. Rudolph, was appointed by Pres. John H. Clark to see the various heads of plants sponsoring ball grounds in an effort to procure better and more diamonds on which to play the games. Several of the diamonds that were used last year were not in very good condition and will have to be fixed. A man will be employed to take care of that job.

Discussion of the selection of umpires was quickly brought to a close when it was moved and seconded that Secretary Rudolph be appointed a committee of one and authorized to take care of that end of the work. The umpires will not be paid this year. That matter is definitely settled.

Next Meeting May 3 A number of minor questions also were discussed and arrangements made for the next meeting of the commission to be held May 3 at the Y. M. C. A. At this meeting, schedules for the coming season will be discussed and the commission will take care of any other matters arising during the next week. The entry blanks of the various teams that expect to enter the league this season must be in Secretary Rudolph's hands on or before May 2.

NOTICE Anna Beach, whose place of residence is unknown, is hereby notified that Joseph Beach has filed his petition against her for divorce, custody of minor child and other proper relief, in Case No. 12699 of the Common Pleas Court of Marion County, Ohio, and that said cause will be for hearing on or about the 26 day of May, A. D. 1927. JOSEPH BEACH. Mar. 25, Apr. 2, 9, 16, 23, 30.

OHIO RELAYS BEING HELD AT COLUMBUS

Ohio State Stadium Mecca for 1,800 Athletes Today

Columbus, April 23.—With 1,800 participants, representing 144 high schools, colleges and universities participating, and prospects of a record-breaking attendance, the Ohio relays opened here at the big Ohio State stadium today.

Managers of the gigantic event declared their almost certain belief that some records were due to fall during the day, with some of the pick of the Middle West's athletic talent hooked to perform.

A feature event, which promised headline interest was the 100-yard dash, with Hester, Michigan and Kriss, Ohio State as leading competitors.

Other stars included Capt. Fred Alderman, Michigan; Freddie Gird, Ohio State, dash runners; Kennedy, Ohio State, holder of the Big Ten mile title; Shively, Illinois and Nelson, Iowa, weight men.

Despite near-freezing temperatures which handicapped workouts, better weather was forecast for the afternoon, when the all-star events were scheduled. The program included 26 major events.

WILLIE RITOLA BREAKS ANOTHER INDOOR RECORD

New York, April 23.—Willie Ritola, crack Finnish-American distance runner, today is credited with a new world's indoor record for 5,000 yards.

In a meet held under the auspices of the 369th infantry army here last night, Ritola covered the distance in 13:20 4-5, breaking his old record of 13:39 by 9 1-5 seconds.

Ritola also won a three-mile handicap race in 14:11, two-fifths of a second better than Paavo Nurmi's outdoor record for the distance.

Only a few of the people who go up in the air are athletes.

PIRATES AGAIN TRIM CINCINNATI

New York, April 23.—As the result of five straight victories over Cincinnati, the Pirates today have piled up a 10-3 lead in the National League race. They beat the Reds yesterday 3 to 1, with Lee Meadows having a slight edge in a pitching duel with Albio Laque.

The Senators went on a batting spree against the Red Sox, collecting 11 hits and winning 7 to 3. The Boston pitchers walked 10 men.

All other big league games were postponed because of rain. No home runs were made.

POORMAN NINE TO BE MARION'S ROAD TEAM

Outfit Will Hold Final Practice Sunday in Preparation for Opener

The Poorman Garage nine will practice at 1:30, Sunday afternoon, for the last time before the opening of the season. This crew has plans to represent Marion on the road during the coming season and will probably play only one game at home, meeting Mansfield here.

An opponent for the first game has not yet been named but the season is certain to open next Sunday.

Players are in better shape now than they were at the end of last season, declares the manager, and promise of a good road team is made.

ANOTHER MARATHON

The marathon of the Irish-American A. C. of Detroit, which has developed in a few years into one of the most important events of its kind in the entire country, will be run this year on May 27, over the one-mile track at the Michigan State Fair Grounds.

Tunney Says There Will Be Title Bout Annual If He Stays In Fight Ranks

Declares He Has Planned To Fight In Defense of His Title Least Once Each Year for Five Years, Regardless of Purse and Opponents, Then Call It His Career

By DAVIS J. WALSH

NEW YORK, April 23.—Take it from James Joseph Tunney, who thinks he is in a position to know, there will be a heavyweight championship fight held annually for the next four or five years, assuming, of course, that James continues to have the situation well in hand. He informed the writer today that, merely as a measure of common sense, he planned to fight in defense of his title at least once a year for five years—regardless of purses and opponents, and then call it a career.

"Why, they couldn't have kept me out this year even if I had had to challenge the contender myself," he said, this morning, some hours before his scheduled conference with Tex Rickard. "I'm to make plenty of money out of my fight this summer, but even if the purse had been unsatisfactory, I would have signed, anyhow. Money, I grant you, is important and I'm frank to say that I want all I can get but the man who signs in defense for several years, waiting for what he calls the 'break,' is cheating himself just as surely as though he failed to go to the cashier's window for his weekly salary."

May Grow "Rusty" "The blade," he added, warning to his rhetoric, "grows dull and rusted from disuse. It has been so with every heavyweight champion of the modern era but it won't be so with me. That is"—he paused—"assuming that I will be able to win from my opponents. However, no one can blame me for feeling that I will."

James, of course, may be pardoned for taking a philosophic view of finances in general, since his conversation with Rickard may have some slight reference to a sum of \$100,000.

TRI-COUNTY LOOP TO MEET MONDAY

A meeting of those teams that expect to enter the Tri-County basketball league this season will be held at the Y. M. C. A., Monday night, David E. Kule, organizer of the association announced today. A number of teams have already entered the league, but there is still room for one or two more, says the manager.

The promoter will be in his debt on May 1. The further fact that it is only an item in the "nut" that Rickard must assume in lining up Tunney undoubtedly has a somewhat mellowing effect on the latter's outlook.

However, he insisted that his sincerity was above question in claiming that physical readiness was of greater importance than the size of the purse in considering any title defense.

Challengers Few? "There have been years when challengers were few and inadequate," he explained. "All right; why not meet the best man available, taking the best money offered? The champion is at least that far ahead on the financial situation, and from the physical side, he has done himself the best turn imaginable. Then at a later date, when a real challenger turns up, the champion can't get the big purse he otherwise might have waited several years for, and naturally he would be a better man because of those intervening fights."

"It may be that I am thinking too far ahead. The man that Rickard selects may beat me and then all my

damages will be in the face of a suit for damages is straight in the face. Auto Driver, unless you are teled by Auto Insurance, I tell you the cost and explain you are saved from financial

Jubilee's Pardner

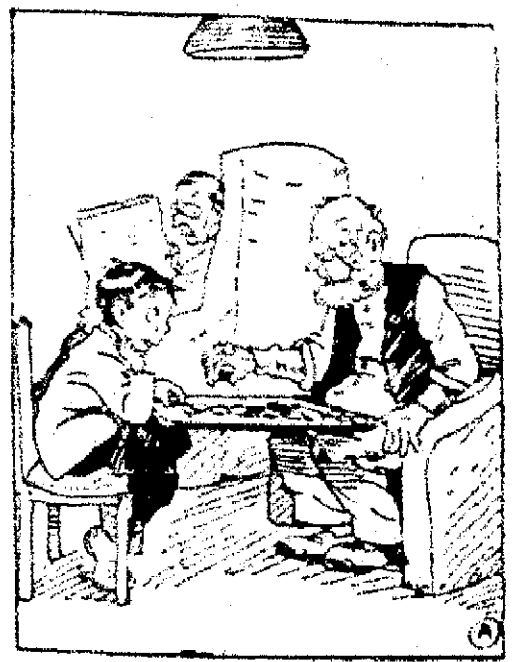

A Story of Boyhood Adventures

BY JUDD MORTIMER LEWIS

It was Saturday and I guess the girls knew it by the look on my face. I was letting him down but of the law, for he started to wag his tail, wagged it all the way to the end, and then I got in amongst my toes and went down and fixed the wheel, and went out and milked the cow, and then when I had my face I went out and while I was cleaning the stable Nibs asked me if we were going.

I was going swimming, and I said what if the girls come along? "I am going swimming no matter who is along," and then someone their head up out of the empty water and said, "Oh, won't that be nice?" And there was Fannie looking at me, and all I could say was, "Aw, you think you're smart, don't you?" And the whole bunch of us the laugh, and then Maggie Youngs came and Youngs wanted to know what was the matter, and the Bag of Tripe said I was going swimming to show Fannie how I could swim, and Youngs said, "How now?" and the bunch gave me the laugh again, but I didn't say anything.

They were watching to see what I did when I got the stable cleaned, and I said "Come on," and we all went out to the river back of the house, and we walked up past the swimming place to where the bank is high. I said I was going to dive in, and Youngs asked me if I was going to swim with my clothes on, and I said, "Yes, just like that!" and I gave the Bag of Tripe a quick push and went in and out of sight, and the water so cold and he was scolding and came up hollering and waving his arms, and went down and came up and gurgled and went down again.

I let him beat me four games

and rubbing them he had got to the shadows. The dirty crook! It is getting so a fellow can't trust any one. We made a fire and dried.

I played checkers with my grand-father after supper, and he said he would give me a nickel every time I beat him, and I said I would rather have a nickel every time he beat me, and that tickled him and he said all right, so I let him beat me four games, and then I got sent to bed by my father for not playing fair.

Peter's Adventures

A Story for Boys and Girls

BY FLORENCE SMITH VINCENT

CAUGHT IN THE ACT
Last! With a start Peter discovered that he and Chipmunk were not the only ones in the pantry.

From the dark corner near the door came a strange sound—it sounded very much as if someone was trying very hard not to sneeze, but just loud. Something moved in the shadows.

Chipmunk had found some of his precious stores scattered upon the floor and he was so busy picking them up and putting them back in place that he had not noticed anything unusual. Peter nudged him.

"Somebody is in this room," whispered the Boy. "We are not alone!"

OVER BY THE DOOR SOMEONE IS HIDING! WHISPERS HE.

over by the door someone is hiding. Who can it be?"

Half scared to death, Chipmunk frisked about, his tail stiff with terror, and even in the dim light of the pantry the boy could see that the little fellow's eyes were almost popping out of his head.

"A weasel, maybe!" chattered he. "If it is there is little hope for me. There is no way out of here except past him. He'd nip me before I could get by. Ugh! I feel his sharp teeth in my back now!" Chipmunk shivered, then suddenly the fur on his tail smoothed down, his fear turned to anger and in two leaps he was at the side of the skulking stranger and cuffing him roundly with his paws.

The stranger began to chatter "Chip! Chip! Chip!" Then Peter guessed who it was.

"So! I catch you in the act!" scolded Chipmunk. "Aren't you ashamed, Stripes, to come into your own brother's pantry and try to steal the food right out of his mouth? Get out of here at once or it will be the worse for you."

"I'll go when I am ready and not before!" chattered the second Chipmunk bravely. "I am not ashamed of myself for what I have done, for you asked into my burrow yesterday and

run off with some of my largest beechnuts. Don't you deny it. I saw the tip of your tail with my very own eyes."

"Sneak!" cried the other.

"If I hadn't sneezed you would never have known I was here," muttered the intruder.

"Hatful brother! You not only came in to rob me, but you made a dreadful mess of the place. You might at least have been careful not to scatter the stores about!" Mr. Tamias was very indignant, indeed.

Peter stood and laughed until the tears ran down his cheeks. How those two chipmunks did go on! Never had he heard tongues wag so fast and so furiously. Each called the other everything he could think of, and yet, as Chipmunk had said of himself and Gray Squirrel, neither was worse than the other. At least the boy decided it was high time to stop the rumpus.

He clasped his hands, and at the unexpected noise the two scrappers became still as mice and sat up on their haunches.

"What nonsense for you two brothers to fight like that!" said Peter. "It is like the pot calling the kettle black. Both of you are to blame, neither of you has suffered more than the other and, if you ask me, I think you are wasting time. The thing for you to do is to forget it. Come now, make friends can't you. Isn't it about time I saw the rest of your house, Chipmunk? You don't expect me to stay in the pantry much longer, do you?"

AMERICAN IS ANGLING FOR ANCIENT TREASURES

Hsuan Tung May Have To Give Up Curios To Pay Bank Loan

Peking, April 22.—American treasure-hunters are scouring the Manchurian deserts in China, pitted against the even more ancient and cunning money lender, in the hope of finding the much of the treasure buried in the hands of the Chinese. Since the Chinese have been reported to be hoarding the treasure, the American treasure-hunters are pitted against the even more ancient and cunning money lender, in the hope of finding the much of the treasure buried in the hands of the Chinese.

CHIEF WARNS ABOUT ROOF FIRE DAMAGES

Many People Using Rubbish for Furnace Fuel; Two Blazes Extinguished

Firemen were summoned to two homes within three hours, yesterday afternoon, to extinguish roof fires which had been caused by sparks from chimneys. The first call came from the home of J. F. Kehrer, 281 Farmington, shortly after 4 o'clock and the second from the Clyde Davis home, 455 Scranton, about 7 o'clock. Damage in the Kehrer fire amounted to about \$5 and in the Davis home, \$15. Roof fires have caused a large percentage of the ruin made by the local fire department during the last few months. Chief McFarland's records show. The number at this season of the year usually runs high, due to the fact that many property owners are using wood and rubbish for furnace fuel. The danger of chimneys and roof fires from this class of fuel is much greater than when coal is used, Chief McFarland states.

Some people make you feel at home; others make you wish you were.

PUPILS TO COMPETE IN HEALTH POSTER CONTEST

Organizations Cooperating in Movement in Connection with Federated Convention

In the interests of pure food and good health, the Marion Pure Food Dealers Association and the Federation of Women's Clubs, assisted by the Parent-Teacher's Council, are planning a good health poster contest to be held in connection with the State Convention of the Federated Clubs here May 2-6. It was announced by Jesse H. Mason, superintendent of the city schools, today.

The posters will be collected from the various schools Friday, May 29, by representatives of the Parent-Teacher's Association, and, after being judged by the poster committee, will be displayed in grocery windows during convention week and announcement of awards made at noon, May 5. The grand prizes to be awarded the three best posters from any school in the city, are, first prize, \$10 in gold; second, \$5 and a fancy basket of food products; and third, \$2 and a fancy basket of food products. Separate prizes for the ninth, tenth, eleventh and twelfth grades are, first prize, \$5; second, \$4; third, \$3 fourth, \$2, and fifth, \$1. Separate prizes for each of the first to eighth grades are, first, \$2.50; second, \$1.50, and third, \$1. Winners of grand prizes are eligible for individual school awards.

The senior high school will be permitted to select and submit 30 posters, the ninth grade at Central Junior High School, 12 posters, the eighth grade at Vernon Heights Junior High School, eight posters, and each grade or grade home room in the elementary schools, three posters. Each poster will bear the name, grade and building of the pupil who submitted it.

WHETSTONE GRANGE BOYS GIVE PROGRAM IN HALL

A program was given by the boys of Whetstone Grange Thursday night at the meeting of members of the grange in their hall, near Waldo. A play was given by Ralph Klingel, Benjamin Elbert, Ernest Klingel, Dennis Miller, Raymond Red, George Augenstein and Friendly Red. Music was furnished by Harvey Strine, Mahel, Waller and Roland Augenstein. Following the program a basket supper was served. The next meeting will be May 3.

Environment is what makes you, and also it is what makes you mud often enough.

JULES V. BARNES SAYS

You can buy 25 shares of Union Pacific Stock today for around \$1200. The dividends are approximately \$1000 per month which you get on the first day of the month. The stock is listed on the New York Exchange. The star carries its daily quotation. Its business is selling electricity, gas, power, oil and necessities. The 15th dividend will be paid May 1st. Don't you want a monthly check at the rate of \$14 on your money? Phone 2406 or 8629 or call at 218 East Church Street and let me SHOW YOU.

A. H. TROUT SERIOUSLY ILL FOLLOWING STROKE

Left Side of Body of Former Marion County Official Affected

A. H. Trout, former county official, is reported to be in a serious condition at his home, 686 Mt. Vernon, following a stroke of paralysis which occurred Friday. He was stricken shortly after he awakened early Friday morning, the stroke affecting the left side of his body.

There was no change in his condition today, a member of the family stated. Mr. Trout served two terms as county commissioner about 15 years ago and later was county tax commissioner when the Barnes tax law was in operation. Prior to becoming a county official he lived on a farm in Claridon Township.

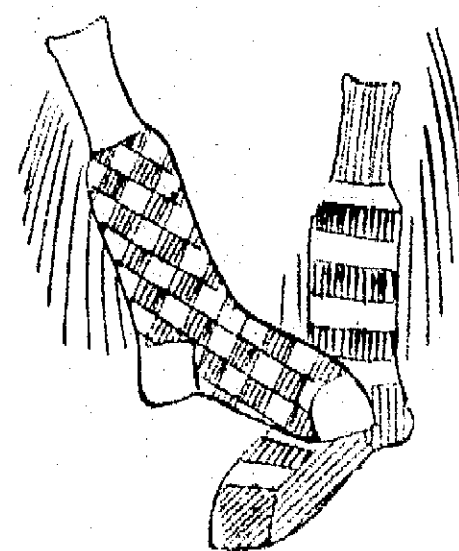

DELEGATES ARE NAMED TO STATE ENCAMPMENT

Zed E. Gauder and Clarence E. Rexroth were elected delegates to the annual state encampment to be held June 26 to 29 at Bucyrus, at the meeting of members of Marion Camp, No. 32, United Spanish War Veterans last night at the armory. Scott Howison and William Michael were elected alternates. Arrangements were made for a number of the members to attend the meeting of the Northwestern Veterans Hooster Association to be held May 6 at Napoleon. The next regular meeting of the camp will be May 9.

Stewart MOTOR TRUCKS

"Buddy" Stewart
1-Ton
\$985 Chassis

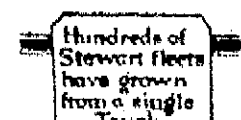

FIGURES tell the truth! A cheap two year truck that sells for \$700 actually costs the owner \$350 per year, while a Stewart at \$985, figuring the life at only five years, costs but \$197 per year, not to mention anything about its dependable service and freedom from unnecessary repair bills.

Here's but one reason why Stewarts are "America's Greatest Truck Value." It is also a reason why Stewarts are in use in over 500 American cities and 43 foreign countries.

See the new improved Stewarts before you buy a truck. A phone call will bring one to your door without obligation.
